THE 5th MEDICAL GENETICS CONGRESS WITH INTERNATIONAL PARTICIPATION

26th-28th SEPTEMBER 2018

PRECONGRESS COURSE „EVOCATIVE SIGNS IN CLINICAL GENETICS”

24th-25th SEPTEMBER 2018

Hotel Toaca Bellevue, Gura Humorului, Romania

Dear colleagues,

On behalf of the Organizing Committee, we have the great pleasure to invite you at the 5th Medical Genetics Congress with international participation. The meeting will be organised in Hotel Toaca Bellevue, located in Gura Humorului in North-Eastern Romania (Bucovina), in the beautiful mountain scenery of Carpathians, between 26th-28th September 2018. The congress will be preceded by the course "Evocative Signs in Clinical Genetics" addressed to trainees in Medical Genetics and other related specialities.

Similar to the previous editions, the participants will have the opportunity to debate on the new scientific developments in Human Genetics.

We are pleased to inform you that the following national and international personalities have confirmed their attendance as invited speakers: **Prof. Mircea COVIC** (Romania), **Prof. Han BRUNNER** (The Netherlands), **Prof. Thomas LIEHR** (Germany), **Prof Gunnar HOUGE** (Norway), **Dr. Sofia DOUZGOU** (Great Britain), **Prof. Mihai NICULESCU** (USA), **Dr. Ana RATH** (Orphanet – France).

The Congress addresses to healthcare providers in the fields of Genetics, Paediatrics, Neonatology, General Practice, but also to other specialists with interest in Genetics.

The presence of prestigious national and international lecturers honour us and guarantees the success of our Congress. We are convinced that each of the attendees will provide a contribution to the development of Medical Genetics in Romania.

For updated information on the Congress, please visit the Romanian Medical Genetic Society's web page: www.srgm.ro

We look forward to welcoming you,

Presidents of the Organizing Committee

Prof. Eusebiu Vlad Gorduza MD PhD

Prof. Cristina Rusu MD PhD

ABSTRACT SUBMISSION

- The abstracts should be sent filling the [following form](#)
- The deadline for submitting abstracts is 15.08.2018
- Authors whose papers are accepted in the Conference sessions will be informed between 25-30.08.2018. All papers will be accepted as **oral presentations** - report (30 minutes), conference (20 minutes) or short communication (5 minutes).
- Abstracts for all accepted papers will be published in the Conference booklet as a supplement of Romanian Journal for Rare Diseases.
- The Congress will publish a **Conference proceedings** book, indexed by **ISI** Thompson Reuters for a fee of **85 Euros/** manuscript. The congress participants are suggested to send full papers, respecting the following [template](#) at sgm.filiala.iasi@gmail.com.
- The materials will be reviewed by the Scientific Committee, which will give its consent for publication. If the scientific committee does not agree, the publication fee will be refunded.
- Each participant registered is allowed to send a single full text paper as first author!

CONFERENCE TOPICS

- Clinical Genetics and Dysmorphology;
- Cytogenetics;
- Genetics of reproduction. Prenatal and perinatal genetics;
- Genomic Medicine;
- Molecular Genetics;
- Cancer Genetics;
- Psychiatric Genetics. Neurogenetics;
- Nutrigenomics;
- Paediatric Genetics.
